Starting at \$1,800**

A great service for home builders, contractors, and Client’s looking at building a new home or renovating. Tile, countertops, plumbing fixtures, light fixtures and hardware—so many choices have to be made while building or renovating a house—each of them essential to your home’s overall style and its future value. We will attend your design center appointments for your new or remodeled home, to help you with making more cost effective and better more selective choices. Faced with a deadline homeowners often procrastinate due to overwhelming number of choices. Or they make rushed decisions that result in costly mistakes and disappointments. If you have ever built a home before then you know how frustrating those situations can be.

Toscano Interiors takes the clients through the process of picking finishes and fixtures for your home so you can make the right choices in a timely manner. We turn this important but often overwhelming task of customizing your home into a quick and organized process that helps to stay on deadline and budget. *Price varies depending on size of project.
