

ARTWORK & ACCESSORIES PACKAGE.....\$499

An Artwork & Accessories package is perfect for you if you already have furniture, but just need the finishing touches like accessories and artwork to tie everything together.

Our surroundings and the objects in them can greatly impact how we feel about ourselves, our lives, and the ones we love most. But we're usually unconscious (or semi-conscious) about all of this. With this package we explore your space and all the things in it, keeping in mind those things are an extension of you. Beautiful, alive, ever-changing you. Don't just deal with your space, filling it with meaningless wall decor and knick-knacks. Shower it and yourself with loving attention. I believe each individual element you choose to include in your space affects you in some way. This design package is done with more loving intention and mindfulness.

This package is intended for one room in your home (up to 400 sq ft), and includes:

- * An initial meeting to discuss the project and understand your goals for the space, up to 1.5 hours
- * An initial concept board for the space that includes all of the items you'll need for your room and an initial budget estimate.
- * A final design, based on your feedback from the initial design.
- * A plan showing the placement of each item in your space.
- * Rendered images to help with placement of decorative items and artwork
- * A product source list that includes each item in your design, and the purchase price
- * Purchasing services, which means that we'll take care of ordering products so you can relax and save money with my designer discounts.

This package is great for both local and remote clients.

PER HOUR RATE -\$100/hr (for installing accessories, furniture placement and as needed basic only)

IMPORTANT INFORMATION REGARDING PRICING: Design Time pricing is for standard sized rooms only and is subject to change. A 60% deposit is required for all design time packages and the remainder 40% is to be paid when the project is complete. Should your space and project be a little bit more unique(say you have a small dining area that is attached to the living room), we will give you a more accurate quote when we see the space.
