

Authentic Home Transformation.....\$2,200 (Payment plans available)

Your home should be a reflection of who you are—a sanctuary that nurtures, inspires, and supports your well-being. The Authentic Home Transformation package is designed to help you move beyond fleeting trends and create a space that feels deeply aligned with your personal style and daily rhythms.

This **3-day intensive design experience** (non-consecutive) guides you through a thoughtful and intentional approach to interior design. Rather than imposing a particular aesthetic, we work together to uncover what truly resonates with you. The result is a home that is not only visually beautiful but also functional, meaningful, and restorative.

What This Package Includes

This journey is divided into **two 1.5-hour sessions** followed by an **up to 2-hour final session** with the option to add additional time as needed.

Discovery Session 1: Alignment & Intention (1.5 hours)

We begin with a **walkthrough of your space**, allowing us to explore its current flow, energy, and how it serves (or hinders) your well-being. Together, we create an **Alignment Action Plan** that focuses on:

- **Decluttering & Organization** – Removing visual and energetic distractions to create a sense of clarity and ease
- **Intentional Space Planning** – Evaluating how each room functions and whether it supports your daily life and aspirations
- **The Psychology of Color & Design** – Identifying colors, textures, and materials that evoke the emotions and experiences you want in your home
- **Lighting & Sensory Harmony** – Enhancing natural and artificial lighting to promote balance and comfort

This session is not just about aesthetics—it is about identifying what aligns with your true self and letting go of what no longer serves you. You will receive mindful exercises designed to awaken creativity, release limiting beliefs about design, and reconnect with your personal sense of style.

Discovery Session 2: The Design Experience (1.5 hours)

With clarity established, we begin to shape your space with intention. This phase brings inspiration to life as we explore and **Review** the tangible design elements that support the vision for your home.

- **Custom Design Concept Boards** – A thoughtfully curated guide tailored to your preferences (*one board per room, no revisions*)
- **Personalized Shopping List** – A selection of furniture, decor, and accessories chosen to fit your home's energy and function
- **Space Planning & Layout Design** – A detailed plan for placement and arrangement to create harmony and flow
- **The Art of Letting Go** – Identifying which objects, colors, and patterns may be unconsciously holding you back

Should you wish to **simplify the process**, I offer purchasing services to manage ordering and logistics for you, ensuring you receive exclusive **designer discounts** and a stress-free transformation. (**Additional shopping fees apply**)

Discovery Session 3: Installation, Styling & Sensory Balance (Up to 2 hours)

This final phase is where your space fully comes to life. With care and precision, I will arrange furniture, style accessories, and refine each detail to bring warmth, cohesion, and intentionality into your home.

- **Furniture & Decor Placement** – A mindful approach to arranging key pieces for balance and flow
- **Layering with Texture & Contrast** – Thoughtful styling that enhances depth and warmth
- **Aromatherapy & Sensory Design** – Incorporating scent as a design element, using essential oils and natural fragrances to elevate the atmosphere and create a feeling of calm, energy, or inspiration
- **Creating Rituals for Your Space** – Guidance on how to maintain an environment that continues to support your well-being

For those who desire additional refinements, **extra hours can be booked at \$100/hr** for furniture placement, finishing touches, or further styling enhancements.
